

I'm writing to support my favorite radio station (KLOVE 91.9). I strongly urge the FCC to not allow KLOVE to be replaced by a LPFM . There are very few family oriented radio programs that are not offensive. KLOVE offers much to the community in terms of support and encouragement and faith building music for all people of faith. I never have to worry about what my children will hear on KLOVE.

If KLOVE were to be displaced by an LPFM it would be a great loss to the community and to those who are searching for help in living in a difficult time and for those needing encouragement. I know of no other radio programs that can offer what KLOVE gives. It is in the public's interest to maintain a station such as KLOVE to continue broadcast widely so that hurting people can be helped and know that they are loved. I'm writing because I care deeply about the effects of what this change could mean to so many people.

Please do not replace KLOVE with an LPFM.

Sincerely,  
Sylvia Goupil
